

## 2020-2021 Student Fees

Student fees are available to pay online at Jeffco Connect this year. You can pay them all at once or in portions throughout the year.

These fees are for consumable items used in the classroom by students throughout the year. They are purchased with school campus funds and are attached to the student record to be paid each year.

If you apply and are approved for the Free and Reduced Lunch program, your students' fees will be waived; just make sure you click on the "share with my school" box towards the end of the application and your fees will be waived!
